

Los Altos Hills Public Art Patronage - 2017

"Blue" (Edith Park)

Sculpture & Parklet Donated by Sandra McCandless

Public art is art that is presented on Town lands for general access or viewing by all. Public art, like all successful art, expresses creativity, imagination and emotions. It's intended to communicate ideas, create beauty, explore personal perceptions, evoke feelings and, sometimes, address issues.

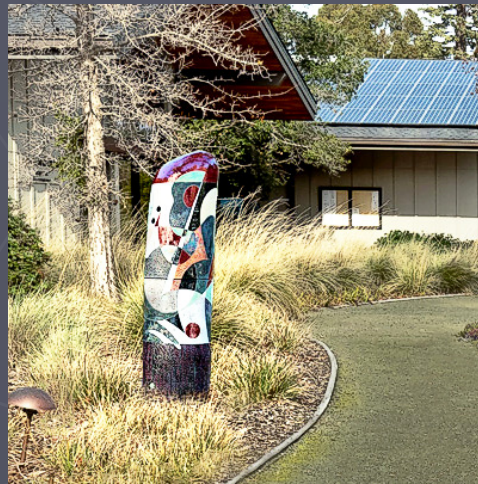

For more information about how to donate public art in LAH:
